

Implement AS 9100 D/EN 9100:2018 for Business Excellence

**Quality Management Systems - Requirements for
Aviation, Space and Defence Organizations (Same as EN
9100: 2016; Includes ISO 9001:2015)**

Author: Thomas Kannattumadom, Aerospace Industry Experienced
Auditor, India

This 2024 updated and revised edition of "Implement AS 9100D / EN9100:2018 for Business Excellence" is an essential guide to mastering the latest Quality Management System requirements for aviation, space, and defence.

The author brings over 45 years of expertise, blending theoretical knowledge with practical experience. He delivers clear, clause-by-clause explanations of all updates and changes to both standards. Drawing from his extensive background in audit and consultation, this book features real-world examples and solutions for various challenges faced during the production and maintenance of aviation and defence products.

This book is especially engaging because it focuses on practical, real-world applications. Readers will find this topic interesting as it shows how to effectively implement AS 9100D requirements and reap the benefits in their organizations. Unlike traditional courses that focus on professional development and industry recognition, this book offers a practical lens to implement AS 9100D requirements effectively. It ensures organizations optimize documentation, achieve smooth third-party audits, and secure certifications without objections. The guidance provided aids in establishing a systematic approach to continual improvement and excellence in quality management.

Designed for supply chain organizations, aviation, space, and defence sector businesses, and academic institutions, this book is a valuable resource for anyone involved in quality assurance. Thomas's insights, drawn from his rich consulting and audit experience, provide the foundation for understanding and applying these critical standards to achieve business excellence.
